Academic Analytics User Guide
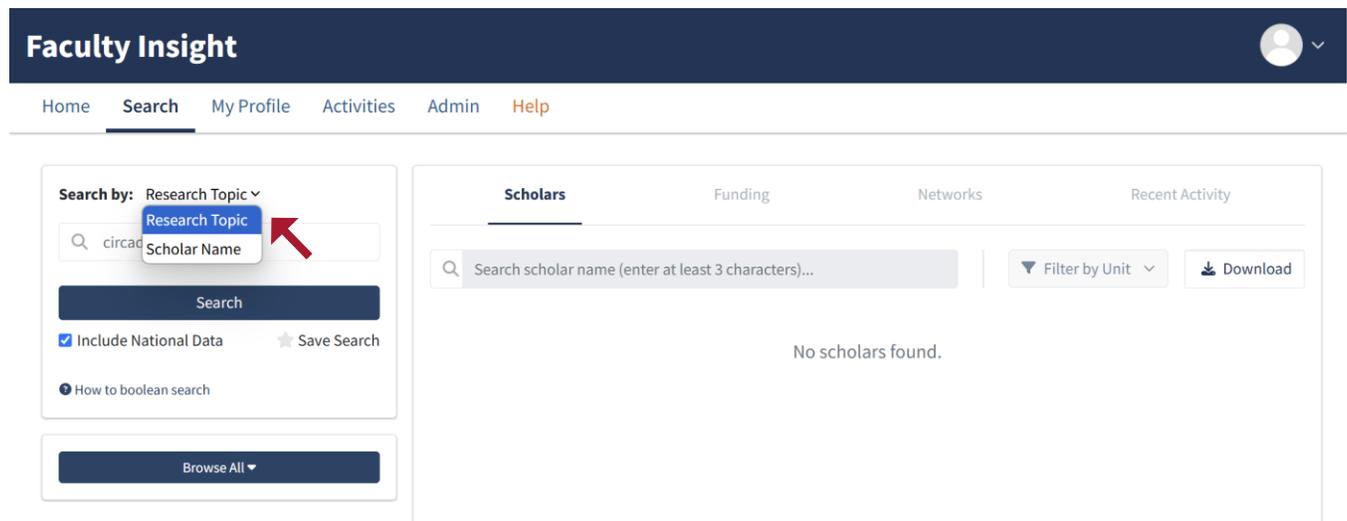

Faculty Insight

About

Faculty Insight supports the optimization of faculty scholarship by strengthening research networks and connecting scholars with funding and award opportunities. After logging into Faculty Insight through the FSU SSO, faculty can:

- **Search by Research Topic**
- **Connect with Scholars**
- **Explore Funding Opportunities**
- **View Collaboration Networks**
- **Identify Matching Honors and Awards**

Search by Research Topic or Scholar Name

Navigating the Faculty Insight tool begins with a **Search by** Research Topic or Scholar Name. From there, you can decide to search among FSU scholars (default) or search across universities by opting to select the **Include National Data** radio button.

Next you can explore the results of your search by Scholars, Funding Sources, Research Networks, and Recent Activity.
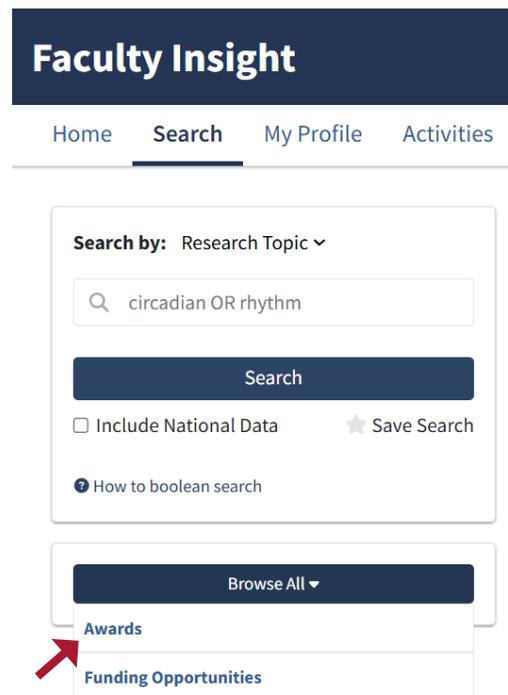

Search Results Tabs

- **Scholars**

  List of scholars with works including the research keyword, with the option to narrow the search by scholar name and/or academic unit.

- **Funding**

  List of research grant awards including the research keyword organized by sponsor, amount, and last deadline.

- **Networks**

  Network graph of scholars with works including the research keyword and their corresponding collaborators. By clicking on the scholar names, you can see the list of applicable scholarship and/or navigate to the individual faculty members' profile page.

- **Recent Activity**

  List of scholarship including the research keyword in order of publication.

Search Honorific Awards

On the Search page, refresh the screen so that there is no Research Topic entered. Click the **Browse All** drop-down menu and select **Awards**. Once on the Awards page, you can search by a number of characteristics including:

- Research Topic
- Granting Organization
- Fields of Study
- Career Stage
- Periodicity
- Prestige
- and more…

Honorific Awards Search Page

Search Funding Opportunities

On the Search page, refresh the screen so that there is no Research Topic entered. Click the **Browse All** drop-down menu and select **Funding Opportunities**. Once on the Funding page, you can search by a number of characteristics including:

- Keyword
- Deadline
- Amount

Additional Funding Suggestions

Click on the **My Profile** page to view your Faculty Profile. Select the **Suggested Funding** tab from the list of options. This will populate a list of awards related to your scholarship activity.

More on your Faculty Profile

Additional features of your Faculty Profile include search functions to review your own research topics, networks of collaborating scholars, and record of scholarly activity. If your faculty profile looks incomplete, you can Edit Profile to supplement pre-populated information.

Still have questions about using Faculty Insight?

Access the Academic Analytics **Help** page to search by topic.
